

Leve x Pesado

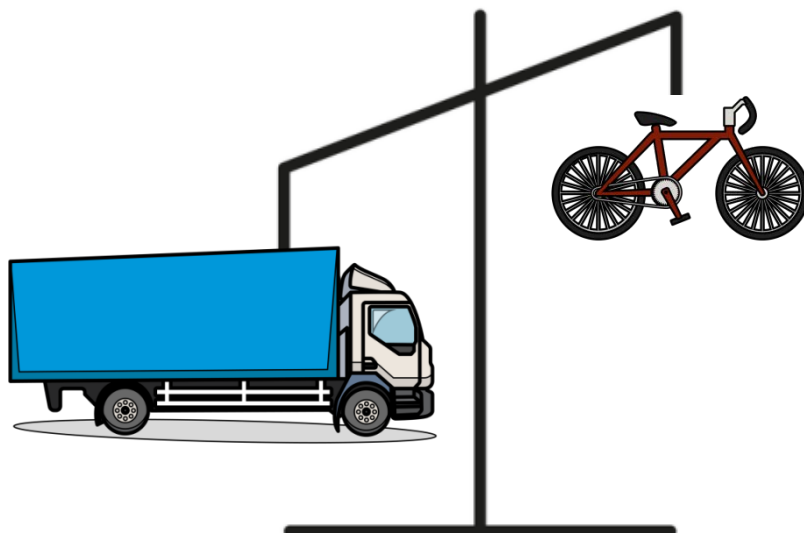

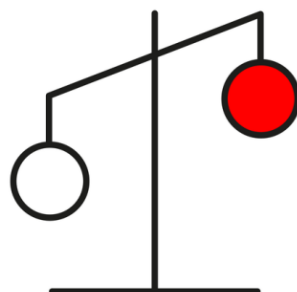

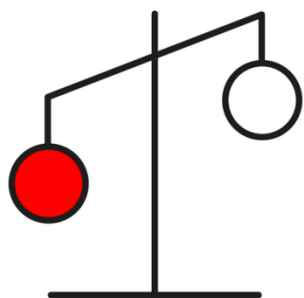

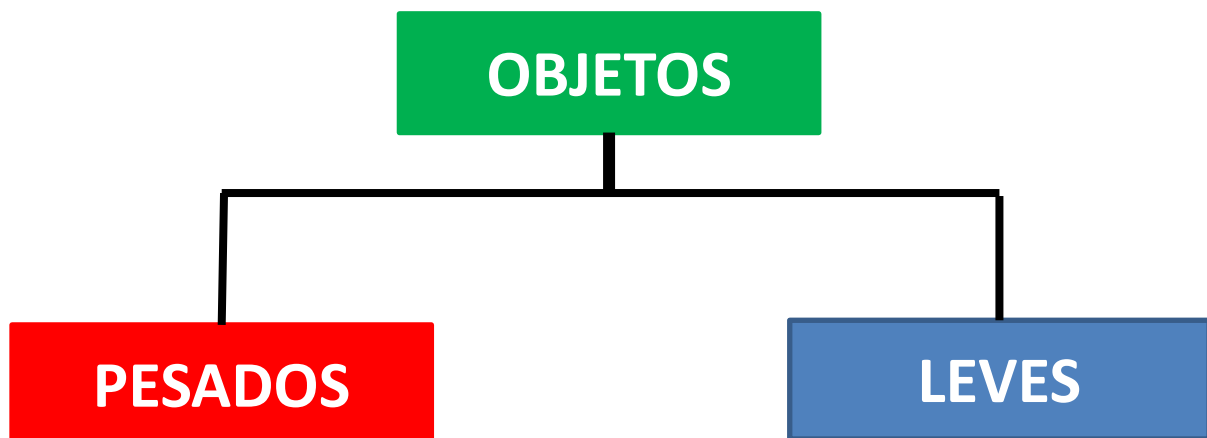

Por que alguns objetos são mais fáceis de levantar e outros não ?

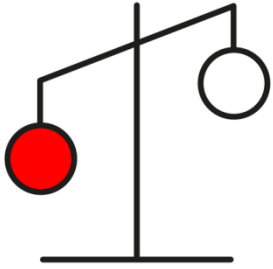

Isto é porque os objetos têm pesos diferentes.

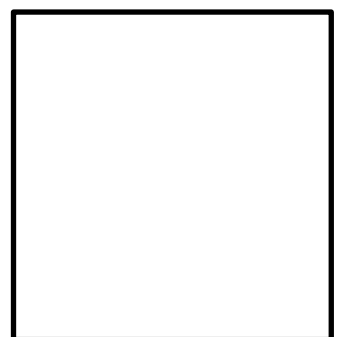

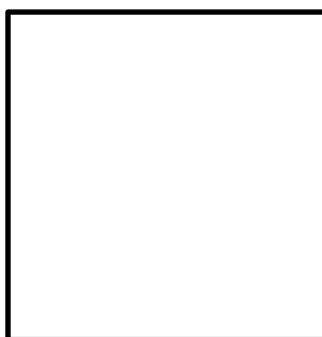

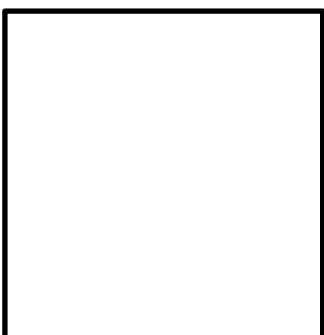

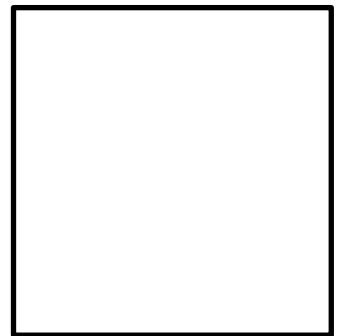

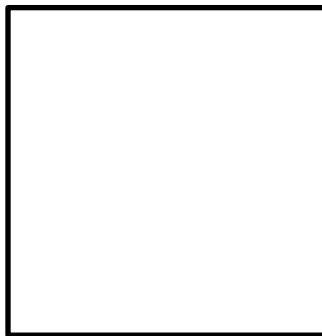

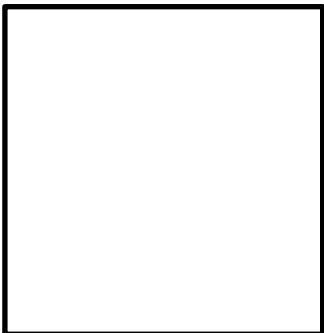

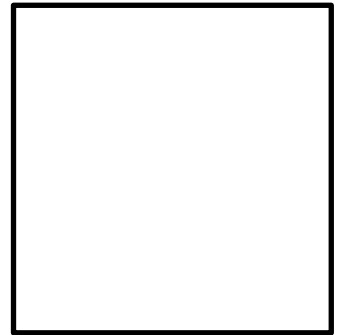

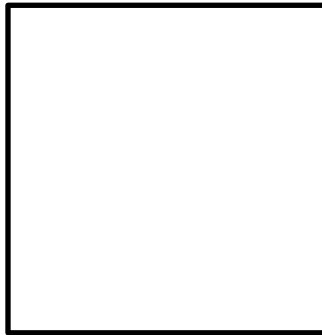

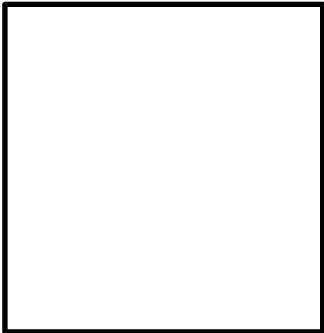

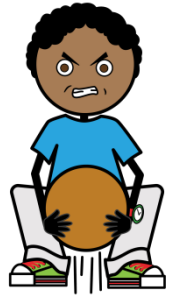

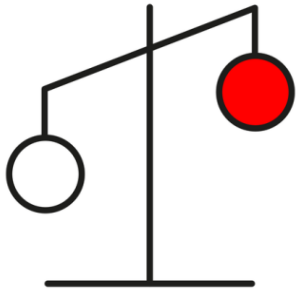

Quando classificamos o peso dos objetos, temos objetos **PESADOS** e **LEVES**.

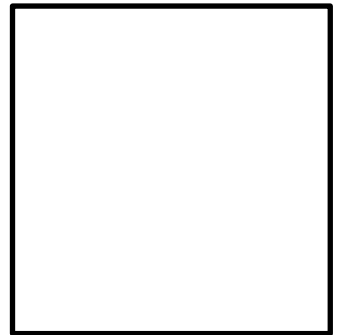

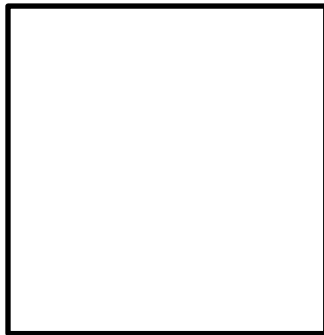

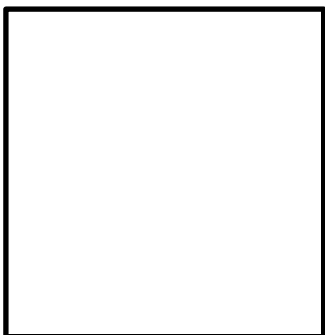

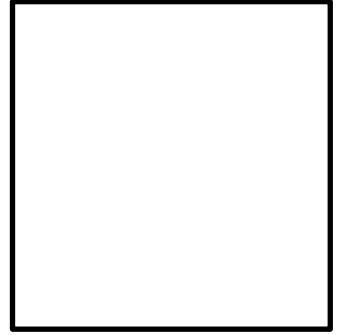

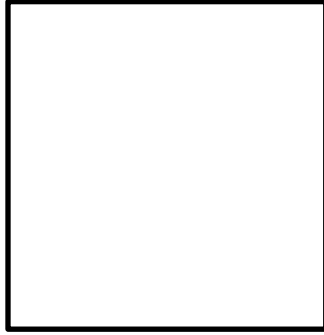

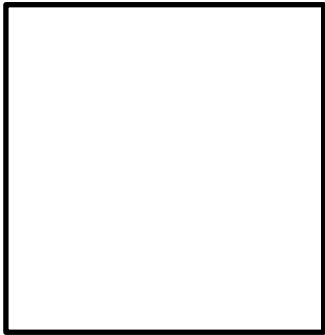

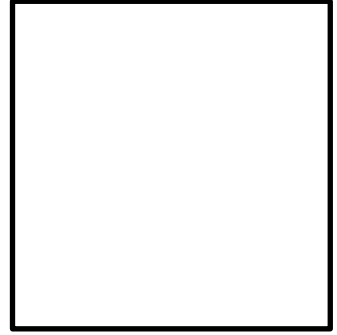

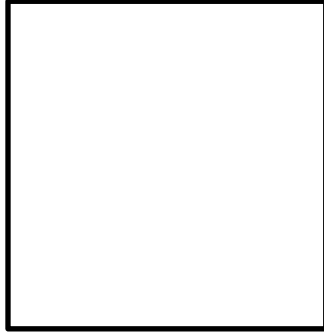

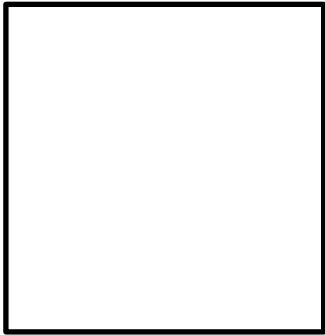

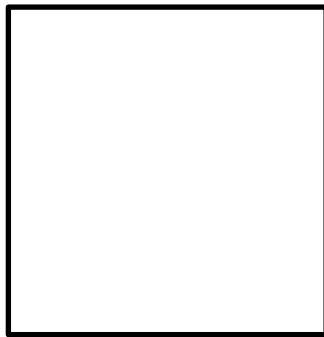

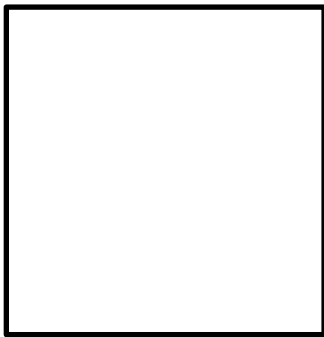

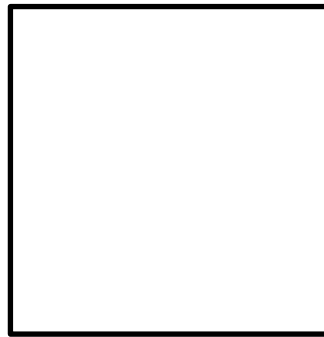

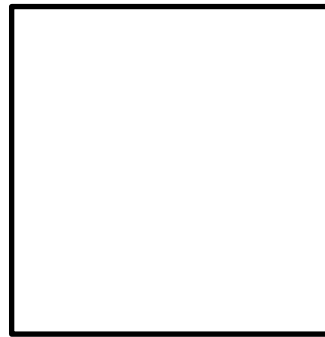

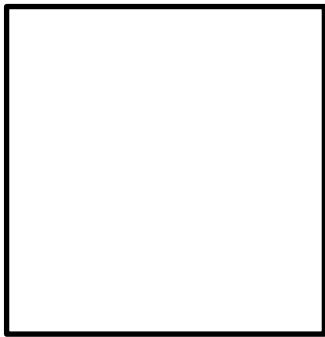

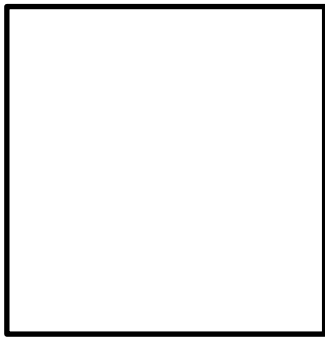

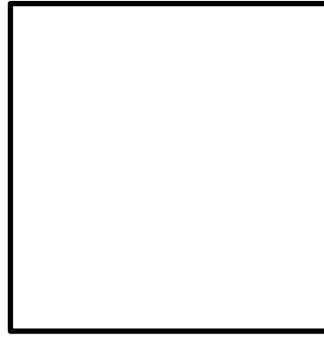

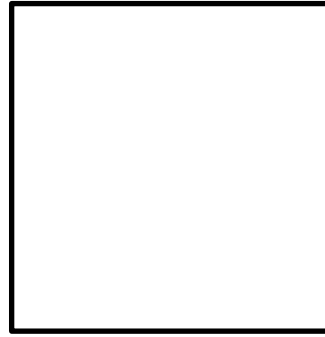

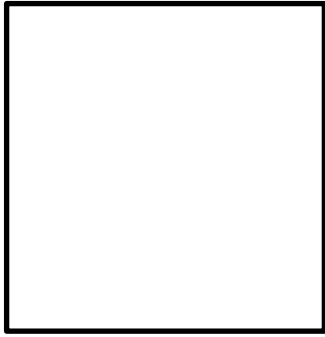

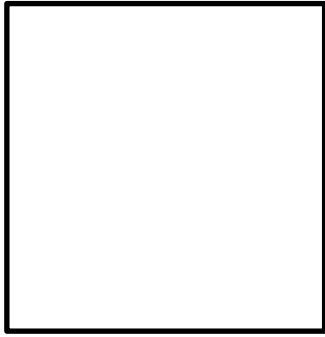

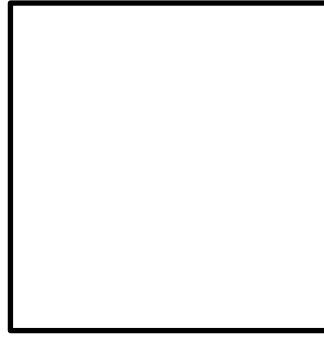

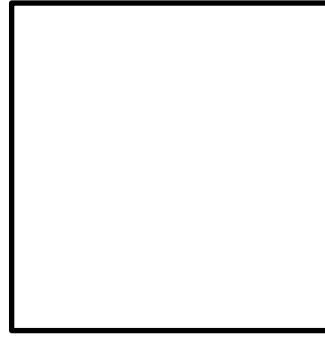

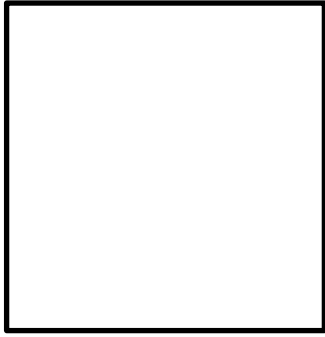

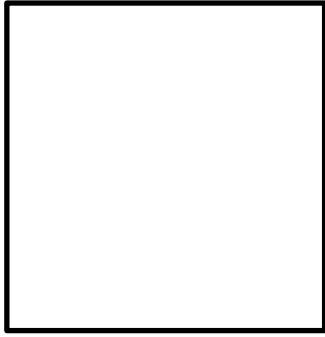

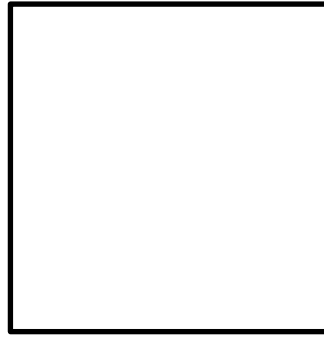

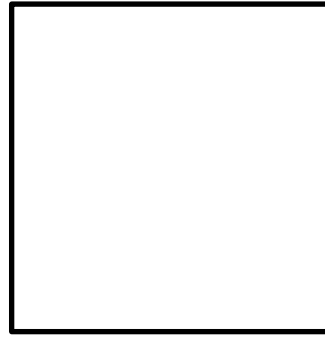

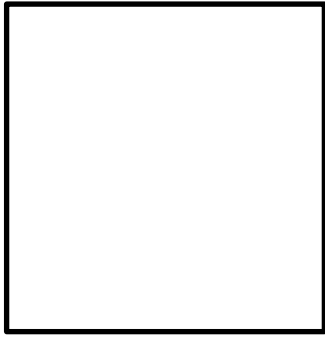

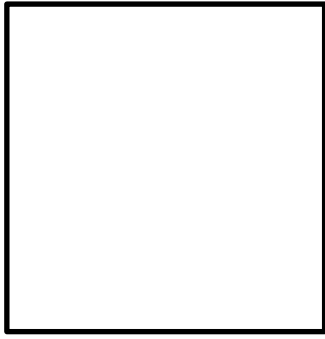

PESADO

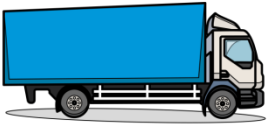

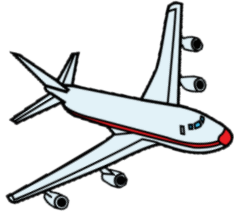

LEVE

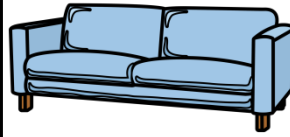

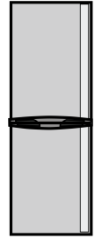

caminhão

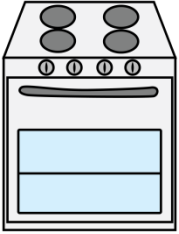

avião

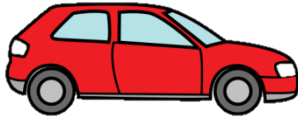

sofá

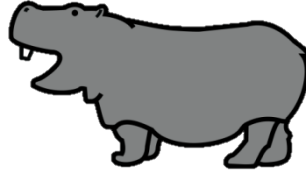

geladeira

fogão

carro

hipopótamo

trem

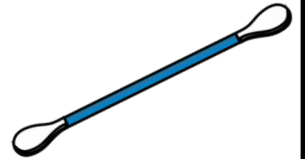

peso

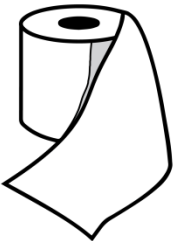

faca

lenço

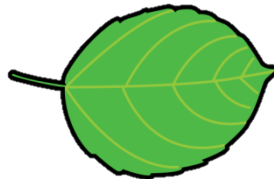

cotonete

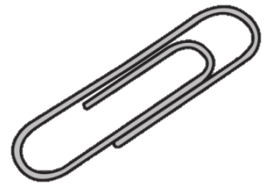

Papel higiênico

brigadeiro

folha

clips

lápiz

pena
