Falar sobre a Natureza

Ampliar o vocabulário, estimular a leitura e os repertórios de ouvinte e percepção visual.

# Instruções

Ler juntamente com a criança o enunciado e em seguida, pedir para que ela vá até a janela, procure e aponte a imagem de cada um dos elementos da natureza que encontrar.

# Dicas

Verifique se a criança segue a instrução do que é pedido e se consegue fazer a correspondência entre a imagem da atividade com o elemento da natureza que encontrar.
